November 30, 2018

To the Mayor, City Council, and Residents of the City of Riverton,

The Comprehensive Annual Financial Report (CAFR) of the City of Riverton for the fiscal year ended June 30, 2018, is hereby submitted. State law requires that all local governments publish, within 180 days of the close of each fiscal year, a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants.

This CAFR has been prepared by the City's Administrative Services Department. Management assumes full responsibility for the completeness and accuracy of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Riverton has established a comprehensive internal control framework that is designed both to protect the government's assets and to compile accurate and reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The Administrative Services Department asserts, to the best of its knowledge and belief, this financial report is complete and reliable in all material respects.

Hansen, Bradshaw, Malmrose, & Erickson, P.C., a firm of certified public accountants, has audited Riverton City's financial statements. The goal of the independent audit was to provide reasonable assurance that the City's financial statements, for the fiscal year ended June 30, 2018, were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended June 30, 2018, were fairly presented in conformity with GAAP. The independent auditor's report is included as the first component of the financial section of the CAFR.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report.

GOVERNMENT PROFILE

Riverton was incorporated as a City of the Third Class on July 3, 1967. The City is governed using a Mayor/Council form of government with City Manager by ordinance. Legislative powers are vested in the City Council, while executive powers lie with the Mayor. The Mayor is elected to serve the citizens at large; the Council Members are elected by voting districts. All elected officials serve four–year terms, which are staggered every two years (three Council seats in one election, two Council seats and the Mayor in the next election). The City Manager oversees the day–to–day operations and is responsible for the employees of the City. The City Manager and Department Heads comprise the executive staff team, which recommends priorities to the Mayor and Council.

The City provides a full range of services to its residents and businesses. General governmental services provided by the City include building inspection, construction and maintenance of street lighting, roadways and parks, as well as recreation and cultural events. The City provides culinary water, secondary water, sanitation, and storm water utility services. The boundaries of the City cover 12.6 square miles with a population of approximately 43,344 with a potential for approximately 55,000 at build-out.

STRATEGIC PRIORITIES

The City Council adopted 8 Strategic Priorities. Within each priority, there are three to five objectives and corresponding goals aimed to guide the focus of City Council and staff toward the mission of the City.

1. **Foster safe and healthy neighborhoods that provide a strong sense of community and balances opportunities to live, work and play**

   Objective 1.1) Ensure our general plan provides for a proper balance of residential, commercial, open space, parks, etc

   Goals:
   - Establish a community visioning process with creation of new general plan
   - Identify opportunities for connectivity in ordinances, site plans, etc. for both residential and commercial properties (i.e., fencing ordinances, paths, trails, etc.)
   - Find ways to incentivize affordable housing for seniors

   Objective 1.2) Maintain a visible public safety presence, fostering a feeling of personal safety and security while promptly and effectively responding to calls for service

   Goals:
   - Conduct evaluation of police services, including cost, appropriate staff levels, COP, dedicated traffic cars, etc.
   - Conduct evaluation of fire services, including response time, details on calls, etc.
   - Establish communication plan with public for law enforcement and emergency services
   - Coordination of public appearances for police and fire personnel with Director of Communications
   - Add a dedicated School Resource Officer to Riverton middle schools

   Objective 1.3) Promote health and welfare of citizens

   Goals:
   - Establish working relationships with community groups (i.e., Healthy Riverton, HOPE Squad)
   - Promote Push to Survive trainings
   - Establish/promote community-oriented policing (COP) initiatives
   - Update city emergency plan
   - Hold CERT trainings and provide emergency preparedness education
   - Conduct school safety meeting with local officials and school officials

2. Promote a thriving business climate that supports the needs of Riverton residents

Objective 2.1) Retain, expand, and attract a mix of high-quality employers and commercial businesses that contribute to the community's economic sustainability

Goals:

- Develop a comprehensive economic development plan
- Create a marketing brochure for prospective businesses
- Engage economic development consultants and/or statewide economic development organizations
- Establish citizen economic development committee
- Explore solutions for a municipally backed fiber optic network
- Create a promotional video highlighting Riverton as a great place to do business
- Conduct satisfaction surveys with businesses and residents
- Design city initiatives for select areas (ex: Wilmington, DE)
- Review business fee schedule for competitiveness

Objective 2.2) Create predictable, streamlined development processes that encourage business development and that foster collaboration with development community

Goals:

- Review of Better Cities best practices and implementation
- Review use of BlueBeam or other technology to increase efficiency or collaboration
- Establish outreach meetings with homebuilders or other associations
- Create developer/builder checklists and workflows and place on website
- Redesign of planning room service counter
- Accept electronic payment at planning and building department

Objective 2.3) Find opportunities to develop, build, and strengthen relationships within the business community

Goals:

- Engage business groups on a regular basis (Chamber, Rotary, etc.)
- Spotlight local businesses in newsletters and on social media
- Promote local businesses openings, ground breakings, etc.
- Promote Riverton as an inviting place to work and conduct business (see video in 2.1)
- Revise ordinances and fee schedule to stimulate business activity (see 2.1 fee schedule)
- Evaluate effectiveness of Southwest Valley Chamber of Commerce
- Establish small business and shop local proclamations
- Conduct roundtable meetings with business leaders
- Launch the business directory feature of the Riverton Connect mobile app

3. Create a welcoming historic downtown destination

Objective 3.1) Identify capital facilities which will improve pedestrian access to the downtown area

Goals:

- Evaluate the concept of skybridge (UDOT) over 1450 W to provide connectivity
- Establish a trail plan that ties in / distinguishes area between 1300W to 1830W, from 12600S to 13200S
- Establish a signage and streetscape plan with monuments and unique signage

Objective 3.2) Refine the list of permitted uses in the downtown area

Goals:

- Revise ordinances that will promote desired retail/restaurant uses
- Conduct a market study of the downtown area

- Conduct a survey of business owners, residents, and stakeholders

Objective 3.3) Create a master plan and vision for the downtown area

Goals:

- Define the boundary of the "downtown" area (i.e., 1300 W to 1830 W, 12600 S to 13200 S)
- Build on Psomas designs with volunteer committee created for the area
- Evaluate the relocation of skate park to behind the fire station
- Identify and conduct outreach to potential developers
- Improve the connectivity with the Jordan River Trail
- Explore opportunities to keep unique landmarks (i.e., keep silos)
- Identify best transportation options along the corridor
- Create an RDA for the downtown area

4. Establish vibrant parks, recreational opportunities, and events that build bridges within the community

Objective 4.1) Establish programming that results in broad-based community participation

Goals:

- Establish programming that accounts for Herriman/Riverton boundaries
- Establish communication efforts that increase participation at events and recreational activities
- Bridge city programs with community volunteer support (i.e., internships)
- Implement uniform policy for League use of city facilities
- Establish a community events advisory committee
- Explore what it would take to construct a community recreation center (i.e., identify and purchase property, identify partnerships, identify funding sources)

Objective 4.2) Increase and improve park and trail space for passive and active recreational use

Goals:

- Establish a parks, recreation and trails advisory committee
- Inventory all park and trail spaces
- Identify recreation organization space and facility needs
- Complete a tree inventory
- Identify grants or other funding opportunities (i.e., TRCC, ZAP, JRC, etc.)
- Identify and implement water conservation measures

Objective 4.3) Support continued development of cultural arts

Goals:

- Assist in development of a strong arts board
- Curate art and cultural events
- Find opportunities to partner with arts groups
- Research feasibility of community center in the Western Commercial District
- Identify and bring in travelling exhibits

Objective 4.4) Leverage opportunities for activities along the Jordan River

Goals:

- Develop sustainable water source for the wetlands
- Research feasibility for educational or wildlife center near Dr. O. Roi Hardy Park

Objective 4.5) Provide opportunities for Riverton residents to be buried in their own community

Goals:

- Review opportunities for cemetery expansion
- Establish a cemetery committee
- Research feasibility of and need for second city cemetery

5. Create a well-connected community with properly maintained utilities and infrastructure

Objective 5.1) Ensure long-term infrastructure needs are incorporated into growth plans

Goals:

- Establish/update capital facilities plans
- Conduct an impact fee analysis
- Adopt updated impact fee schedule

Objective 5.2) Plan, develop, build, and continuously enhance a well-designed and well-maintained infrastructure network

Goals:

- Establish/update capital facilities plans
- Prioritize funding of construction maintenance projects (i.e., road ratings and schedule to complete)
- Executive civic infrastructure projects that enhance accessibility, safety and/or effective asset management

Objective 5.3) Identify innovative solutions in a continuous effort to reduce cost or provide enhanced services/quality to residents

Goals:

- Explore emerging technologies (water, secondary water, roads)
- Review software and process mapping
- Explore possibility of a municipally owned fiber optic network
- Explore where city can work with existing businesses to create public/private partnerships (PPP)

6. Actively engage and inform residents

Objective 6.1) Provide opportunities to engage, educate, involve and inform the community

Goals:

- Develop a mobile app that includes push notifications
- Improve the organization, content, and navigation of the website
- Establish an electronic newsletter
- Re-establish a print newsletter
- Create spotlights for businesses and residents
- Solicit feedback from multiple channels
- Establish consistent surveying to gauge public interest, need, and perception
- Establish volunteer committees
- Provide opportunities for city officials to be seen and engage with community
- Research feasibility of texting service

Objective 6.2) Respond to the needs and concerns of the community in a prompt, transparent, and professional manner

Goals:

- Integrate various platforms or points of contact with residents (customer managed relations)
- Establish a new customer relationship manager (CRM) to replace PublicStuff
- Establish service level agreements for items such as response time for calls, response time for emails, response time for online inquiries, etc.
- Evaluate phone system, ShorTel, to ensure city is being as responsive as possible

Objective 6.3) Foster a feeling of community pride and sense of shared responsibility

Goals:

- Provide opportunities for citizens to be involved in local government
- Share community successes on social media, newsletters, and website

- Establish system to track community service hours

7. Establish operational excellence

Objective 7.1) Create predictable and efficient processes and systems

Goals:

- Review process maps for various departments
- Adopt user-friendly technologies
- Leverage technology to streamline processes

Objective 7.2) Attract, motivate, develop, and retain a high-quality, engaged, and productive workforce

Objective 7.3) Protect, manage, optimize and invest in human, financial, physical, and technology resources and ensures they are aligned with planning and budget

Goals:

- Review current facility space to ensure best use of a limited resource
- Risk Management (EMOD)

8. Promote fiscally responsible governance

Objective 8.1) Support decision making with accurate, long-range analysis that aligns human, financial, physical and technological resources

Goals:

- Conduct long-range financial analysis and planning

Objective 8.2) Sustain a diversified revenue stream with a reasonable tax and fee burden, while finding ways to reduce the financial burden when appropriate

Goals:

- Establish appropriate fee levels that reflect only what is necessary to provide services
- Asses current unrestricted fund balances for all fee-based enterprises to determine appropriate fees necessary to provide the desired level of service
- Commission a utility rate study for all four enterprise funds
- Conduct internal audits on utility accounts to ensure current fees are being assed correctly.
- Quantify the findings of the utility audit
- Conduct an assessment ensure that overhead is correctly allocated to all enterprise funds on a reasonable and equitable basis
- Align fees to measured outcomes

Objective 8.3) Foster transparency and ensure accountability, efficiency and innovation in all operations

Goals:

- Research and improve budget document
- Review GFOA budget award requirements and incorporate 3-5 best practices into FY 2018-2019 budget document
- Openly communicate to the public
- Produce a citizen-friendly budget document akin to the PAFR

Objective 8.4) Provides assurance of regulatory and policy compliance to minimize and mitigate risk

Goals:

- Establish a fund balance reserve policy
- Establish a fund balance policy which outlines minimum, targeted, and maximum fund balances according to best practices or statutory requirements
- Establish minimum, target, and maximum unrestricted fund balance (days cash on hand) for all fund balances

- Develop a 5-year self-sufficiency plan for the secondary water fund, including write-off loan from the culinary water fund while building unrestricted fund balance to the targeted reserve level
- Develop a 5-year self-sufficiency plan for the sanitation fund working toward elimination of the subsidy while building unrestricted fund balance to the targeted reserve level
- Establish a debt policy, including under what conditions the city would be willing to issue debt (new assets, major capital projects, max years, NPV savings, etc.)
- Re-establish the audit committee, to include membership of: Mayor, 1 City Council Member, City Manager, City Attorney and Administrative Services Director
- Convene quarterly meetings to address internal audit concerns regarding financial and risk management issues
- Establish a compensation committee

FACTORS AFFECTING FINANCIAL CONDITION

Because of its prime location between major transportation systems, Riverton City continues to attract the attention of retailers and commercial businesses resulting in a strong and growing sales tax base. Riverton's sales tax base is becoming more diversified, although the City's sales tax revenue is still primarily generated by the general retail sector.

Phase 1 of an upscale, mixed-use development was completed in June of 2018, on land between the Bangerter Highway and the Mountain View Corridor on the City's west side. The project, Mountain View Village, is being constructed by CenterCal Properties, LLC and will include a vibrant collection of tenants including grocery stores, restaurants, coffee shops, day care and other retail shops. The design and aesthetic characteristics of Mountain View Village will make it a destination for the entire region. Construction on phase 2 of this project is currently underway.

In the City's downtown area, over three hundred residential units have recently been completed or are in the planning phases of development. The growth in residential population, along with new commercial development, continues to meet the Council's strategic goal to revitalize this area. Revitalization efforts have greatly increased the potential for higher sales tax revenue from stores and restaurants. Another improvement in the City's downtown area is the widening of Redwood Road from 12600 South to the Bangerter Highway. Once completed, this new roadway will improve traffic flow and enhance the allure of the downtown area.

The City continues to improve and upgrade infrastructure including roadways, culinary water, secondary water, and storm water systems as well as making improvements to parks and open space. Good infrastructure is always a key foundation for a bright economic future.

LONG-TERM FINANCIAL PLANNING

The City has adopted long-term financial plans for all infrastructure systems including roadways, culinary and secondary water systems, storm water, and parks. These plans are reviewed annually and updated as needed. Besides infrastructure plans, at the beginning of each calendar year, the City Council holds strategic planning sessions as a kick-off to the budget season for the ensuing fiscal year. The strategic plan is based on six priorities–some goals are long-term, others can be completed within one budget year.

The priorities of the Council, communicated through the strategic plan, become the catalyst for capital projects and other expenditures for the upcoming budget. The strategic plan is truly a performance-based approach to budgeting and long-term planning. City staff is charged with the duty to report back to the Council and citizens at the end of the year regarding which items have been completed or need to be moved forward to future budget years.

ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Riverton City for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2017. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only.

Riverton City received the Award for Outstanding Achievement for its Popular Annual Financial Report (PAFR) for the fiscal year ended June 30, 2017. The PAFR is designed to meet the needs of interested parties who may be unable or unwilling to use traditional financial reports. The City believes its fiscal year 2017 CAFR and PAFR continue to meet the Certificate of Achievement Program requirements and will submit both reports to the GFOA for consideration.

The preparation of these reports on a timely basis could not have been accomplished without the efficient and dedicated service of the Administrative Services Department. Each member of the department has our genuine appreciation for the contributions made in the preparation of these reports. In closing, we express our sincere thanks and appreciation to members of the City Council and our Mayor, Trent Staggs, for their dedication to the City of Riverton and their leadership and support of City staff.

Sincerely,

Konrad Hildebrandt

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council
Riverton City Corporation, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Riverton City Corporation, Utah (the City), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Riverton City Corporation, Utah, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund and major special revenue redevelopment agency fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 21-29 and pension schedules on pages 69-71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison information, the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and budgetary comparison information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Hansen, Bradshaw, Malmrose & Erickson, P.C.

November 30, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Riverton City Corporation (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of 2018 by $280.2 million. Of this amount, unrestricted net position of $17.1 million is available to meet the City's ongoing obligations to citizens and creditors.
- The 2018 increase in net position for governmental activities of $1.6 million consisted of net program expenses of $7.1, transfers-out of $892 thousand, and general revenues of $9.6 million. The 2017 increase in net position of $6.9 million for governmental activities was the result of net program expenses of $1.5 million, transfers-out of $837 thousand, and general revenues of $9.3 million. The main reason for the large decrease of change in net position from 2017 to 2018 was a reclassification of land previously recorded as land under roads to land held for resale. This transaction took place in 2017.
- Net position for business-type activities increased by $3.5 million in fiscal year 2018 compared with a $4.9 million increase during fiscal year 2017. The change of $1.4 million is largely attributed to fluctuations in development activity.
- The City's governmental activities revenue decreased from $25.8 million in fiscal year 2017 to $20.5 million in fiscal year 2018. The decrease of $5.3 million is largely attributed to a reclassification of land as mentioned above that took place in 2017. Fiscal year 2018 also saw a $532 thousand growth in sales tax.
- Governmental activities program revenues received in the form of capital grants and contributions decreased $4.8 million from 2017 to 2018. As mentioned above, this decrease is due to a reclassification of land under roads to land held for resale which created a larger than normal amount reported in this category for 2017.
- Governmental activities general revenues increased from $9.3 million in fiscal year 2017 to $9.6 million in fiscal year 2018. A substantial portion of the change is due to the City's growing sales tax revenue.
- The greatest portion of the $892 thousand transfers-in from governmental to business-type activities is the REDIIF capital projects fund subsidy to the Sanitation fund.
- The City's business-type activities revenue decreased from $16.2 million in fiscal year 2017 to $14.0 million in fiscal year 2018. The decrease of $2.2 million is largely attributable to a change in developer contributions. It is important to note that development is very strong in Riverton City, but due to timing of developments coming online caused this decrease in the developer contributions.
- At June 30, 2018, the total fund balance for the City's General Fund was just over $4.1 million. General Fund balance is divided into three categories: nonspendable fund balance of $143 thousand for prepaid expenditures, restricted fund balance of $1.3 million for Class C Roads, and unassigned fund balance of $2.7 million, which is an increase in unassigned fund balance of $500 thousand over 2017.

OVERVIEW OF THE FINANCIAL STATEMENTS

The purpose of this discussion and analysis is to introduce the City's basic financial statements, which are comprised of three components: 1) government–wide statements, 2) fund statements, and 3) notes to the financial statements. Required supplementary information (RSI) is included with supporting notes to the RSI immediately following the basic financial statements. This report contains other supplementary information, which will help the reader to gain a more in-depth understanding of the City's financial position.

GOVERNMENT–WIDE FINANCIAL STATEMENTS

The government–wide financial statements are designed to provide readers with a broad overview of the City's financial position and changes in financial position, similar to consolidated financial statements in a private sector business. The statements consist of the Statement of Net Position and the Statement of Activities.

The Statement of Net Position presents information on all of Riverton City's assets, deferred outflows, liabilities, deferred

inflows, with the difference reported as net position. Over time, increases or decreases in net position provide an indication of whether the financial condition of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses reported in this statement for some items will result in cash flows in future fiscal periods.

Both of the government–wide financial statements distinguish functions of the City that are principally supported by taxes, charges for services, and intergovernmental revenues (governmental activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (business–type activities). The governmental activities of the City include general government, public safety, highways and public improvements, and parks and recreation. The business–type activities of the City include culinary water, secondary water, sanitation, and storm water.

The government–wide financial statements include not only the City (the primary government), but also a legally separate component unit, the Redevelopment Agency of Riverton City, for which the City is financially accountable. Financial information for this blended component unit is presented with the financial statements of the City.

The government–wide financial statements are found immediately following this discussion and analysis.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance–related requirements. All of the City's funds can be divided into two categories: governmental funds and proprietary funds.

GOVERNMENTAL FUNDS

Most of the City's basic services are reported in governmental funds, which focus on how money flows through those funds and the balances left at year–end. The funds are reported using the modified accrual method of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements present a detailed short–term view of cash, operations, and the basic services provided. Governmental funds information helps users determine whether there are adequate financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental activities reported in governmental funds statements is described in reconciliations, which are presented after the fund financial statements.

The City maintains six individual governmental funds. Information is presented separately in the governmental funds statements for the General Fund and the other major governmental funds. The nonmajor funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements immediately following the Notes to the Financial Statements.

Major governmental funds:

- General Fund
- Capital projects fund –Riverton Economic Development Infrastructure and Investment Fund (REDIIF)
- Special revenue fund – Redevelopment Agency of Riverton City

Nonmajor governmental funds:

- Capital projects fund – community impact parks
- Capital projects fund – community impact roads
- Capital projects fund – capital improvements

PROPRIETARY FUNDS

The City maintains only one type of proprietary fund, namely enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government–wide financial statements. The City maintains four individual enterprise funds. Information is presented separately in the proprietary funds Statement of Net Position and Statement of Revenues, Expenses and Changes in Fund Net Position. All proprietary funds of the City are major funds.

Major proprietary funds:

- Culinary water
- Secondary water
- Sanitation
- Storm water

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government–wide and fund financial statements. The notes to the financial statements can be found immediately after the statements for major funds.

REQUIRED SUPPLEMENTARY INFORMATION

The Government Accounting Standards Board (GASB) released Statement No. 68, Accounting and Financial Reporting for Pensions in June of 2012. The scope of this statement addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trusts. This statement is an amendment of GASB Statement No. 27.

The included required supplementary information (RSI) details the City's proportionate share of the net pension liability or asset as well as the City's pension contributions in relation to covered employee payroll.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also contains other supplementary information. The combining statements, mentioned earlier, in connection with nonmajor funds are presented immediately after the notes to the financial statements. Budget comparisons for governmental funds other than the General Fund and the Redevelopment Agency special revenue fund are also included.

GOVERNMENT–WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. In the case of Riverton City, assets plus deferred outflows exceeded liabilities plus deferred inflows by $280.2 million at the close of fiscal 2018. By far, the largest portion of the City's net position ($254.1 million or 90.7%) reflects its net investment in capital assets. The City uses its capital assets to provide services to residents; these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position ($9.0 million or 3.2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position ($17.1 million or 6.1%) may be used to meet the City's ongoing obligations to its residents and creditors.

	Governmental Activities		Business-type Activities		Total Primary Government	
	2018	2017	2018	2017	2018	2017
Current and other assets	$ 14,362,362	$ 17,125,271	$ 19,010,931	$ 20,307,851	$ 33,373,293	$ 37,433,122

Total deferred outflows of resources	1,392,718	1,427,160	963,937	1,050,386	2,356,655	2,477,546
Current and other liabilities	4,272,048	3,596,978	3,553,144	2,829,840	7,825,192	6,426,818
Long-term liabilities	34,173,919	35,803,560	4,896,611	7,365,698	39,070,530	43,169,258
Total Liabilities	38,445,967	39,400,538	8,449,755	10,195,538	46,895,722	49,596,076
Total deferred inflows of resources	700,320	295,225	919,402	199,234	1,619,722	494,459
Net position:						
Net investment in capital assets	159,491,227	154,728,458	94,561,971	89,228,665	254,053,198	243,957,123
Restricted	2,807,088	5,046,288	6,228,840	7,862,280	9,035,928	12,908,568
Unrestricted	7,103,818	8,056,216	10,016,184	10,189,161	17,120,002	18,245,377
Total Net Position	$ 169,402,133	$ 167,830,962	$ 110,806,995	$ 107,280,106	$ 280,209,128	$ 275,111,068

Fiscal year 2018 revenues of $34.5 million exceeded expenses of $29.4 million, resulting in an increase in net position of $5.1 million, compared with an increase in the net position of $11.8 million in fiscal year 2017. The difference in net position between the two years is due to the timing of both residential and commercial development projects within the City as well as a reclassification of land that occurred in 2017 but not 2018, mentioned earlier in this discussion.

The following table provides a summary of the City's operations for the year ended June 30, 2018.

	Governmental Activities		Business-type Activities		Total Primary Government	
	2018	2017	2018	2017	2018	2017

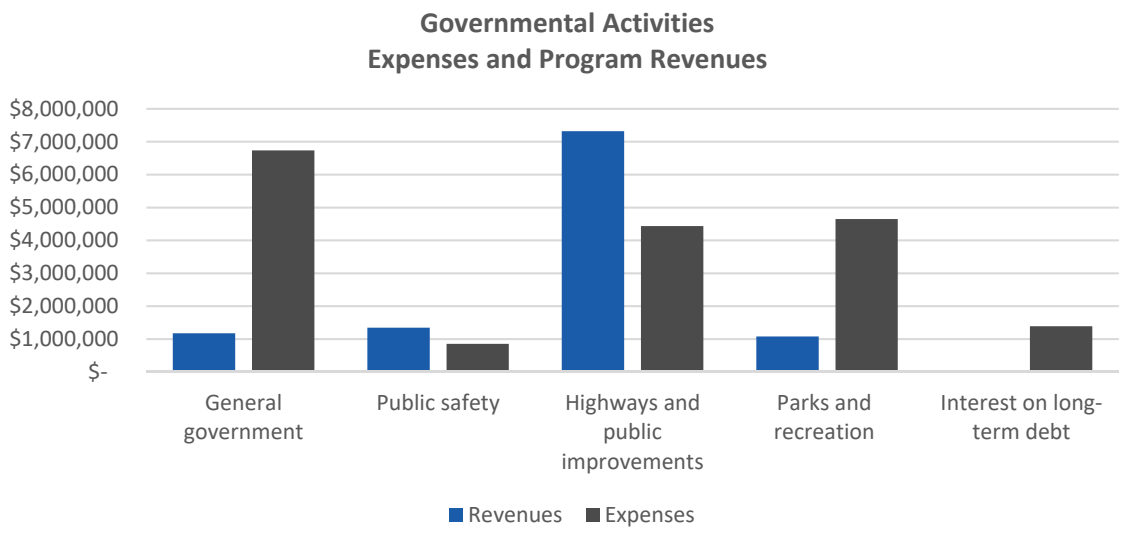
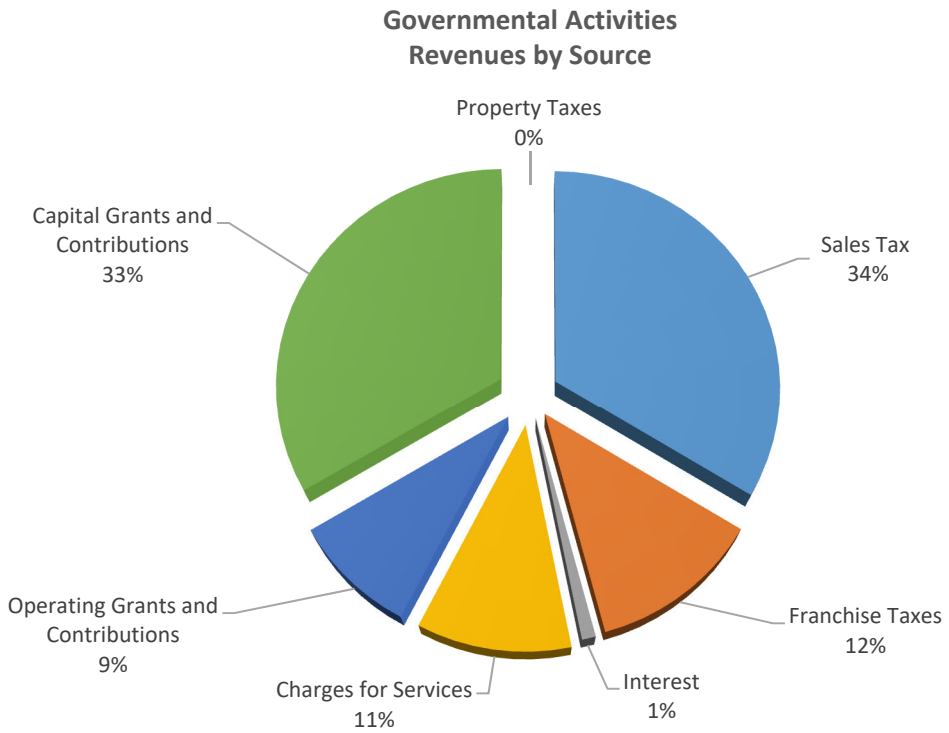
Net position - ending	$ 169,402,133	$ 167,830,962	$ 110,806,995	$ 107,280,106	$ 280,209,128	$ 275,111,068

GOVERNMENTAL ACTIVITIES

The graph below depicts the City's 2018 program revenues and expenses for governmental activities found on the Statement of Activities. Because program expenses far exceed program revenues in many functions, general revenues (e.g. property, sales, and franchise taxes, etc.) are also utilized to provide services for governmental activities.



The following pie chart depicts revenues by source for governmental activities. One-third (33%) of all revenues were from capital grants and contributions, owing to the stable development activity City-wide; 46% of revenues were generated from the various taxes collected by the City (e.g. property, sales, and franchise). The remaining revenues represent operating grants and contributions, charges for services, and interest income.

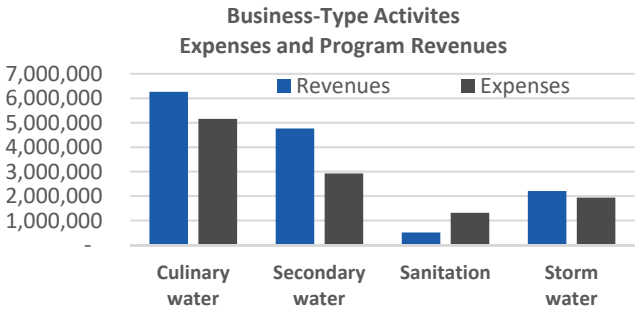


BUSINESS–TYPE ACTIVITIES

Business–type activities generated revenues of $14.0 million in fiscal year 2018 compared with $16.2 million in fiscal year 2017. The $2.2 million decrease is attributable to a timing differences when projects are completed, and infrastructure assets are contributed to the City by developers as was mentioned earlier in this discussion.

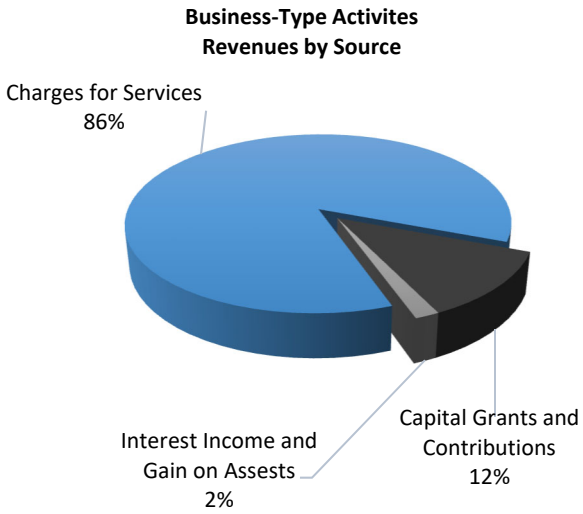
Equity investment in a joint venture produced an increase of $172 thousand in fiscal year 2018 compared with an decrease of $445 thousand in fiscal year 2017. Income (loss) from the joint venture is reported in the nonoperating revenues (expenses) category in the proprietary fund financial statements and as a program revenue or expense in the Statement of Activities.

The amount received in capital contributions from development was $1.7 million in fiscal year 2018 compared with $3.2 million in fiscal year 2017. The difference reflects a fluctuation in timing of development projects City-wide. Expenses for business–type activities were $800 thousand less in fiscal year 2018 than in the previous year. Factors contributing to the decrease in business-type expenses are the net effect of the equity loss from the joint venture that occurred in 2017, but not in 2018, an increase in demand for culinary water, and a decrease in operational expenses of $188 thousand.



Interfund transfers are the reciprocal of those described in the governmental activities. Transfers-in of $892 thousand in fiscal year 2018 represent the amount of subsidy for operating expenses from REDIIF to the Sanitation fund compared to transfers-in of $837 thousand in fiscal year 2017 for the same purpose.

The bar graph to the right portrays the City's 2018 program revenues and expenses for business–type activities found on the Statement of Activities. The pie chart depicts revenues by source for business–type activities. Nearly all of the revenues come from two categories; charges for services with 86.0% and capital contributions with 12.0%.



FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

GOVERNMENTAL FUNDS

The focus of these funds is to provide information on near–term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Because fund balance is only an approximate measure of liquidity, GASB Statement No. 54 requires that governmental fund balances be divided into five categories; nonspendable, restricted, committed, assigned, and unassigned. The total fund balance is a measure of available resources at June 30, 2018. All categories except the fund balance that is in nonspendable form is a measure of available resources.

At the close of the fiscal year, governmental funds reported a combined fund balance of $11.5 million. Of the combined fund balance, $143 thousand is nonspendable prepaid expenditures; $2.8 million is restricted, this is the amount which is regulated by external agencies; $6.7 million is committed, City Council adopted an ordinance setting self–imposed limitations on these funds to be used for economic development and infrastructure; $641 thousand is assigned, this money has an intended use determined by City Council through its capital improvements plan; and $1.2 million is unassigned. This amount cannot be properly reported in any of the other four components discussed thus far. The unassigned fund balance is the sum of a $2.7 million in the General Fund, and a negative $1.5 million in the RDA.

MAJOR GOVERNMENTAL FUNDS

The General Fund is responsible for all of the general services provided by Riverton City. At June 30, 2018, the fund balance in the General Fund is categorized in the following ways: nonspendable for prepaid expenditures; restricted for Class C Roads; and unassigned for the remainder. The City's unassigned fund balance in the General Fund at the end of fiscal year 2018 is at 24.6% of the current year's actual revenue, which is required by State law to be a minimum of 5% and a maximum of 25%. More importantly, the City's fund balance grew from 17.8% to 24.6%, validating the City's General Fund is in a strong and healthy financial position.

A $500 thousand increase in sales tax and various decreases in operating expenditures contributed to the net change in fund balance in the General Fund of $1.1 million.

The REDIIF capital projects fund has a total fund balance of $6.7 million at June 30, 2018, which has been committed by ordinance for economic development.

The net change in fund balance in the REDIIF capital projects fund was a decrease of $1.6 million, after transfers. The clear majority of the decrease in fund balance expenditures for a roadway project within the City's Western Commercial District.

REDEVELOPMENT AGENCY

At June 30, 2018, the fund balance of the RDA special revenue fund of negative $1.5 million was categorized as unassigned. The negative unassigned fund balance is the result of an outstanding interfund loan from REDIIF capital projects fund to the RDA for property acquisitions in prior years. Note No. 14 provides detail regarding the RDA.

GENERAL FUND BUDGETARY HIGHLIGHTS

There were no substantial budgetary amendments in fiscal year 2018; the cumulative effect of several small budget amendments resulted in negligible changes in appropriations. The budget is closely monitored and adjusted as needed throughout the year. During fiscal year 2018, Council amended the budget when necessary adjusting budgeted revenues as well as expenditures.

The actual revenues in the General Fund received were 100.6% of the final budgeted revenues. The actual expenditures in the General Fund were 79.3% of appropriations. The final budget, before transfers, included expenditures of $11.1 million while actual expenditures totaled $8.8 million. Budget variances resulted in increases of unassigned and restricted fund balances of $2.7 million and $360 thousand, respectively.

All recommended amendments for budgetary changes came through the Administrative Services Department to the City

All recommended amendments for budgetary changes came through the Administrative Services Department to the City Council via resolution as required by State statute. Public hearings were properly noticed and conducted for formal budget amendments that require the approval of the Council. In accordance with State code, the Mayor approved intra–departmental budget changes without the approval of the City Council.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The City's investment in capital assets for its governmental and business–type activities totaled $254.1 million net of combined depreciation, amortization, and related debt at June 30, 2018. Types of assets included in this category are land, construction in progress, water shares, buildings and other improvements, machinery and equipment, and infrastructure. Note No. 7 addresses the City's investments in capital assets.

CAPITAL ASSETS (NET OF DEPRECIATION)

	Governmental Activities		Business-type Activities		Total Primary Government

OUTSTANDING DEBT

The basic financial statements, along with Note No. 10, provide a summary of the City's long–term debt. At June 30, 2018, Riverton City's bonded debt, including unamortized premiums, amounted to $39.4 million. All of the City's bonded debt is known as revenue bonds and is secured by specific revenue sources. Riverton City has $33.6 million of franchise and sales tax revenue bonds and $5.9 million of water revenue bonds.

	Governmental Activities		Business-type Activities		Total Primary Government	
	2018	2017	2018	2017	2018	2017
Bonds payable	$ 33,560,123	$ 34,541,283	$ 5,857,461	$ 7,397,894	$ 39,417,584	$ 41,939,177
Total	$ 33,560,123	$ 34,541,283	$ 5,857,461	$ 7,397,894	$ 39,417,584	$ 41,939,177

ECONOMIC FACTORS

Sales tax collections for Riverton City increased 8.7% over the previous year. Over the previous 6 years, the average sales tax increase has been 6.6%, which has been an ongoing indicator of the strength and stability of Riverton City's economy.

Riverton City continues to enjoy a consistently stable permit-authorized construction environment. The value of new construction in Riverton City for permits issued during the fiscal year ended June 30, 2018, was $104.2 million. The median home value increased by almost 4% during the fiscal year. The City also saw continued residential development in the RDA project area and expansion of multi-family residential projects throughout the City.

Ongoing residential development in Riverton City's downtown area continues to have a significant impact on the revitalization of the downtown commercial base. This fiscal period saw continued redevelopment and reinvestment by existing business in the downtown, as well as new construction of retail space. The widening of Redwood Road by the Utah Department of

Transportation, will help to better facilitate traffic flow in the City, and to foster a more efficient circulation for the downtown area.

Construction on the CenterCal Properties, LLC retail project, Mountain View Village, an 85-acre site in Riverton City's Western Commercial District (WCD), is well under way. Phase 1 of the project was completed in June 2018, while Phase 2 construction is ongoing. CenterCal's project will include over one million square feet of retail and office space, as well as hotel and residential components. Riverton City's investments in the construction of new roads and in upgrading and maintaining existing roads, have been effective in managing current growth and planning for future growth in a way that provides a sustainable framework for large and small-scale development projects.

As Riverton City continues to enjoy and effectively manage significant residential and commercial growth, ongoing infrastructure and development projects further enhance the quality of life in Riverton, helping to attract and retain quality retail growth and expanded employment with high-paying jobs.

REQUEST FOR INFORMATION

This financial report is designed to provide our residents, taxpayers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the funds and assets it receives. If you have questions about this report, or should you need additional financial information, contact the City's Administrative Services Department at Riverton City, 12830 S 1700 W, Riverton, Utah 84065.

GOVERNMENTAL FUNDS FINANCIAL STATEMENTS

GENERAL FUND

The General Fund is the City's primary operating fund. Taxes, licenses, permits, and fees for services are the financing sources for this fund.

CAPITAL IMPROVEMENT FUNDS

Impact Fee Funds are used to track revenue and expenditures relating to capital improvements to infrastructure which are attributable to growth from new development within the City. The Capital Improvements Fund (CIF) is used to account for capital projects which are ineligible to be financed with impact fees. Riverton Economic Development Infrastructure and Investment Fund (REDIIF) is funded by franchise taxes and committed for economic development throughout Riverton City.

SPECIAL REVENUE FUNDS

The Redevelopment Agency of Riverton City (RDA) is accounted for as a special revenue fund. The RDA project area generates tax increment which is used to finance infrastructure and other improvements within the project area.

RECONCILIATION OF THE BALANCE SHEET – GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION – JUNE 30, 2018 – RIVERTON CITY CORPORATION, UTAH

Amounts reported for governmental activities in the Statement of Net Position are different because:	
Total fund balances for governmental funds (page 35)	$ 11,452,801
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.	192,793,340
Other long-term assets not available for current period expenditures and are therefore deferred in the funds balance sheet.	
Deferred loss on refunding	258,012
Deferred outflows of resources relating to pensions	1,134,706
Interest expense not due and payable in the current period and therefore, is not recorded in the funds.	(122,658)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, not reported in the funds.	(33,779,733)
Net pension liabilities and deferred inflows relating to pensions are not due and payable in the current period and, therefore, not reported in the funds.	(2,334,335)
Net position of governmental activities (page 31)	$ 169,402,133

The accompanying notes are an integral part of this financial statement.

The accompanying notes are an integral part of this financial statement.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2018 – RIVERTON CITY CORPORATION, UTAH

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances for governmental funds (page 37)	$ (1,352,633)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Capital outlay	4,867,584
Depreciation expense	(4,444,655)
The effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.	
Asset deletions	(1,595,435)
Depreciation deletions	335,330
Contributed assets are not recorded in governmental funds because current resources are not expended for acquisition. The Statement of Activities records these contributed assets at their estimated fair value on the date of contribution.	4,656,222
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(1,870,000)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the payment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither type of transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued. These amounts are deferred and amortized in the Statement of Activities. The amounts are the net effect of the differences in the treatment of long-term debt and related items.	
Reduction of long-term liability	851,000
Amortization of bond premiums	130,160
Amortization of deferred loss	(37,435)
Adjustments to accrued pension costs are not reported as an expenditure in the current period for governmental funds but are recorded as an adjustment to expenses in the statement of activities.	41,640
Expenses are recognized in the governmental funds when paid or due; however, the Statement of Activities is presented on the accrual basis and expenses and liabilities are reported when incurred, regardless of when financial resources are available or expenses are paid or due. These adjustments reflect the changes due to accrued interest on bonds payable and compensated absences.	
Accrued interest	1,903
Compensated absences	(12,510)
Change in net position of governmental activities (page 33)	$ 1,571,171

The accompanying notes are an integral part of this financial statement.

PROPRIETARY FUNDS FINANCIAL STATEMENTS

CULINARY WATER FUND

This fund accounts for activities of the City's culinary water system. The culinary water system is comprised of approximately 167 miles of water transmission and distribution lines providing over 4,000 acre-feet of culinary water to the residents of the City.

SECONDARY WATER FUND

This fund accounts for activities of the City's secondary water system. The secondary water system is comprised of two deep wells, three shallow wells and approximately 171 miles of pipeline. The secondary water system was designed to provide pressurized water for outdoor watering needs, including residential sprinkling system. By using lower-grade, non-potable water sources to meet outdoor water needs, the City is able to extend the useful life of the culinary water system and adds additional capacity to meet the growing culinary water needs of the City.

SANITATION FUND

This fund is used to account for the activities relating to providing solid waste collection services to the residents of the City.

STORM WATER FUND

This fund accounts for activities of the City's storm water system. Created July 1, 2010, the storm water utility fee helps the City finance operations to be in compliance with The Utah Water Quality Act. This law requires cities to protect streams, rivers, and lakes in their jurisdictions from polluted storm water.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Riverton City Corporation (the City) was incorporated on July 3, 1967, as a third-class city under the provisions of the State of Utah and operates under a Mayor/Council form of government with City Manager by ordinance. The governing body consists of six elected officials; a Mayor and five Council Members. Department heads are under the direction of the City Manager. The City provides the following services:

- General administrative services
- Public safety
- Highways and public improvements
- Street lighting
- Parks and recreation
- Community development
- Culinary water utility
- Secondary water utility
- Sanitation utility
- Storm water utility

The City's financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standards–setting body for establishing accounting and financial reporting principles. The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The more significant accounting policies established by GAAP and used by the City are discussed below.

REPORTING ENTITY

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in the related GASB 61 pronouncement. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency and accountability. Other expressions of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, and the ability to significantly influence operations and accountability of fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibilities.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REPORTING ENTITY (continued)

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations.

The Redevelopment Agency of Riverton City (RDA) was established to prepare and carry out plans to improve, rehabilitate and redevelop blighted areas within the City. In addition to the redevelopment project area, the City may also have Economic Development Areas (EDA), or Community Development Areas (CDA) within the agency's boundaries. Collectively, any RDA, CDA and EDA project areas will be identified as the Riverton City RDA. The RDA is governed by a board composed of the members of the City Council and the Mayor. Although it is a legally separate entity from the City, the RDA is reported as if it were part of the primary government because of the City's ability to impose its will upon the operations of the RDA. In conformity with GAAP, the financial statements of the RDA have been included in the financial reporting entity as a blended component unit. The RDA is included in these financial statements as a special revenue fund. Separate financial statements are not issued for the RDA.

GOVERNMENT–WIDE AND FUND FINANCIAL STATEMENTS

The City is not a component unit of any other entity. The City's basic financial statements include all City operations.

The City's basic financial statements include both government–wide (reporting the City as a whole) and fund financial statements (individually reporting the City's major funds). Both the government–wide and fund financial statements categorize primary activities as either governmental or business–type. The City's general government, public safety, highways and public improvements, and parks and recreation are classified as governmental activities. The City's culinary water, secondary water, sanitation, and storm water services are classified as business–type activities.

The government–wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the governmental and business-type activities of the City and its component units. As a general rule, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes, charges for services, and intergovernmental revenues, are reported separately from business–type activities, which rely, to a significant extent, on fees and charges for services.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those which are clearly identifiable with a specific function or segment. Program revenues include 1.) Charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2.) Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items properly excluded from program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government–wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The use of financial resources to acquire capital assets is capitalized as assets in the government–wide financial statements, rather than reported as expenditures. Proceeds of long–term debt are recorded as a liability in the government–wide financial statements, rather than other financing sources. Amounts paid to reduce long–term debt of the City are reported as reductions of the related liability.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available (i.e. collectable within the current period or soon enough thereafter to satisfy current liabilities). For this purpose, the City considers all revenues available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt–service expenditures, as well as expenditures related to compensated absences, claims, and judgments are recorded only when payment is due.

Sales tax, franchise taxes, licenses, interest, and earned but unreimbursed state and federal grants are considered to be susceptible to accrual and have been so recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

- The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

- The *Riverton Economic Development Infrastructure and Investment Fund (REDIIF) – Capital Projects Fund* accounts for the financial resources to finance economic development including the acquisition or construction of major projects of the City.

- The *Redevelopment Agency of Riverton City – Special Revenue Fund* is used to account for the property tax increment received from other taxing entities, and the expenditures related to, any RDA, EDA, or CDA within the agency's boundaries.

The City reports the following major proprietary funds:

- The *Culinary Water Fund* accounts for the activities of the City's culinary water distribution system including billing customers, collections from customers, and system repairs and improvements.

- The *Secondary Water Fund* accounts for the activities of the City's secondary water distribution system including billing customers, collections from customers, and system repairs and improvements.

- The *Sanitation Fund* accounts for the activities of the City's solid waste collection operations including billing customers, collections from customers, garbage collection contract, and tipping and disposal fees.

- The *Storm Water Fund* accounts for the activities of the City's storm water collection system including billing customers, collections from customers, and system repairs and improvements.

As a general rule the effect of interfund activity has been eliminated from the government–wide financial statements. Exceptions to this general rule are allocations of costs from the General Fund to various enterprise funds for providing administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program expenditures reported for the various functions concerned.

Another exception to this rule is non-cash, or nonreciprocal, transfers that are recorded from the funds to account for the City's internal use of utilities that are not billed. The City has determined that it will not charge itself for any Riverton-provided utility services (culinary water, secondary water, sanitation, and storm water) used for municipal purposes.

Amounts reported as program revenues include 1.) Charges for goods, services, or privileges provided, 2.) Tax increment received from other taxing entities, operating grants and contributions, and 3.) Capital grants and contributions, including special assessments. General revenues include all taxes imposed by the City.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all enterprise funds are

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (continued)

charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources before unrestricted resources.

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS AND NET POSITION

CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash includes cash on hand, demand deposits with banks and other financial institutions, and deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts. The City follows the Utah Money Management Act (UMMA or "the Act") for all investments, which allows for the investment of funds with federally insured depositories, investment in the Utah Public Treasurer's Investment Fund (UPTIF) and other investments allowed by the State of Utah's Money Management Act. Investments are reported at cost, which approximates fair value. The UPTIF operates in accordance with State laws and regulations. The reported value of the investment fund is approximately the same as the fair value of its shares, in accordance with GASB Statement No. 72, *Fair Value Measurement and Application.*

Cash equivalents are defined as short–term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturities that they present insignificant risk of changes in value due to fluctuations in interest rates. Investments with maturities of three months or less when purchased meet this definition.

RECEIVABLES AND PAYABLES

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to or due from other funds." Advances between funds, as reported in the fund financial statements, are offset by fund balance reserve accounts in applicable governmental funds to indicate they are not available for appropriation and are not available financial resources.

Other receivables at June 30, 2018, consist of intergovernmental revenue, sales tax, franchise taxes, grants and utility billings. The utility billings for charged services are billed to customers on a monthly basis. Unbilled service accounts receivable at June 30, 2018, is recorded based on July billings and are included in the operating revenues and accounts receivable at year end. Taxes, grants, and utility charges are deemed collectible in full, so no allowance for doubtful accounts is recorded.

RESTRICTED ASSETS

Certain assets are classified as restricted because their use is limited by independent third parties, enabling legislation, or other laws and statutes. These restrictions may include future debt service payments, unexpended portions of bonds issued for capital construction, unexpended Class "C" Revenue, unexpended impact fees, and other agreements with third parties.

INVENTORIES AND PREPAID ITEMS

Inventories of materials and supplies in the proprietary funds, consisting principally of materials used in the repair of the distribution and collection systems, are valued at cost and accounted for on a first–in, first–out basis (FIFO). Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items, using the consumption method, in both government–wide and fund financial statements.

EQUITY INVESTMENT IN JOINT VENTURE

The investment in Trans–Jordan Cities Landfill represents the City's 11.03% ownership in a joint venture, and is accounted for by the equity method of accounting. Under this method, the Sanitation Fund (enterprise fund) records its share of the joint venture's net income or loss for each period.

CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business–type activities columns in the government–wide financial statements. Donated works of art are valued at acquisition cost. Capital assets are defined by the City as assets with an initial, individual cost

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS AND NET POSITION (continued)

CAPITAL ASSETS (continued)

of more than $5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The City reports infrastructure assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government–wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are completed.

Property, plant, and equipment is depreciated using the straight–line half-year method over the following estimated useful lives:

Assets	Years
Office furniture and equipment	10
Vehicles	10
Machinery and equipment	10 - 15
Building improvements	20
Buildings	20 - 40
Improvements other than buildings	20 - 40
Street lighting systems	30
Streets	30 - 40
Curbs, gutters, and sidewalks	40
Storm water collection systems	40
Bridges	40
Water distribution systems	60

UNEARNED REVENUE

Unearned revenue arises when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the revenue is recognized.

COMPENSATED ABSENCES

For governmental funds, amounts of accumulated vacation leave and compensatory time that are not expected to be liquidated with expendable, available, financial resources are reported as liabilities in the government–wide Statement of Net Position. Current year compensatory time and accumulated vacation leave are reported as expenses in the government–wide Statement of Activities. No expenditures are reported for these amounts in the fund financial statements.

The General Fund and the REDIIF capital projects fund are the two governmental funds that are used for liquidating compensated absences.

Accumulated vacation leave, and compensatory time of proprietary funds are recorded as expenses and liabilities of those funds as the benefits accrue and are thus recorded in both the government–wide financial statements and the individual fund financial statements. The maximum, annual, carry-forward of accrued vacation is 160 hours. Compensatory time is earned based on Fair Labor Standards Act (FLSA) overtime rules and is fully vested when earned. The maximum number of compensatory time an employee can carry is 80 hours. When an employee leaves or is terminated, accumulated vacation and compensatory hours are paid out at his or her current hourly rate.

DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES

Deferred inflows of resources represent an acquisition of net position that applies to a future period and is therefore deferred until that time.

Governmental funds report revenue that is unavailable as deferred inflows of resources, such as revenue from property taxes and special assessments. These amounts are deferred and recognized as revenue in the periods that they become available.

Deferred outflows of resources represent a consumption of net position that applies to a future period and is therefore deferred until that time. A deferred loss on refunding results from the difference in the carrying value of the refunded debt and the reacquisition price.

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources,* represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenses/expenditures) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of*

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS AND NET POSITION (continued)

DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES (continued)

resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

PENSIONS

For purposes of measuring the net pension liability: deferred outflows of resources; deferred inflows of resources; pension expense; information about the fiduciary net position of Utah Retirement Systems (URS) pension plans; and additions to or deductions from URS's fiduciary net position, have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

LONG–TERM OBLIGATIONS

Long–term debt and other long–term obligations are reported as liabilities in the applicable columns for governmental activities or business–type activities and are also reported in the proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the applicable debt. In the governmental fund financial statements, bond premiums and discounts are recognized during the current period as other financing sources and uses. The par value of debt issued is also reported in the category with other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the current period.

FUND BALANCE

The categories and descriptions of fund balance are as follows:

Nonspendable Fund Balance – Prepaid expenditures, and other similar assets not in spendable form or that are contractually required to be maintained intact are classified as nonspendable fund balance.

Restricted Fund Balance – Assets that are constrained by externally imposed restrictions, or by law through constitutional provisions or enabling legislation are classified as restricted fund balance.

Committed Fund Balance – Amounts formally designated by City Council through ordinance for a specific purpose that cannot be used for another purpose unless the City Council formally changes the use through a superseding ordinance are classified as committed fund balance.

Assigned Fund Balance – Amounts constrained by City Council, for a specific purpose, through the appropriations process in establishing and amending budgets are classified as assigned fund balance. Furthermore, funds in special revenue, capital project, and permanent funds are by their nature assigned to the purpose for which the resources are collected.

Unassigned Fund Balance – Amounts that may be used for any governmental purpose are classified as unassigned fund balance. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds it is not appropriate to report a positive unassigned fund balance.

However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When an expenditure qualifies to be used from more than one fund balance classification identified above, it is the City's policy to use resources in the following order: restricted, committed, assigned, and then unassigned.

ESTIMATES

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain financial statement balances. Actual results could vary from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

In accordance with State law, annual budgets are prepared and adopted by the City Council on or before June 22, for the ensuing fiscal year when no property tax increases are being imposed. In the event of a property tax increase, annual budgets are prepared and adopted on or before August 17. Estimated revenues and appropriations may be increased or decreased by resolution of the City Council at any time during the year. A public hearing must be held prior to any proposed increase in a fund's appropriations. Annual budgets are established for all funds of the City. The level of the City's budgetary control (that is, the level at which the City's expenditures cannot legally exceed the appropriated amounts) is established at the department level (i.e. planning and zoning, parks and recreation, and engineering). Department Heads are responsible to the City Manager and governing body for operating within their approved appropriations. All annual budgets lapse at fiscal year–end.

Utah State law prohibits the appropriation of Fund Balance until the sum of unassigned, assigned, and committed General Fund balance exceeds 5% of the actual General Fund revenues. Until the sum of the stated fund balance categories is greater than 5%, fund balance cannot be budgeted, but is used to provide working capital to meet emergency expenditures and to cover unanticipated deficits until tax revenue is received. Utah State law also prohibits the accumulation of the stated General Fund balance categories in any amount greater than 25% of the current year's actual General Fund revenues.

Once adopted, the budget can be amended by subsequent City Council action. The City Council can amend the budget to any extent, provided the budgeted expenditures do not exceed budgeted revenues and appropriated fund balance, in which case a public hearing must be held. The Mayor may reallocate unexpended appropriated balances from one expenditure account to another within that department during the budget year.

Annual budgets for the General Fund, special revenue funds, and capital projects funds were legally adopted by the City Council and are prepared on the modified–accrual method of accounting. Encumbrance accounting is not used by the City. Although Utah State law requires the initial preparation of budgets for all City funds (both governmental and proprietary), it only requires the reporting of budget versus actual for governmental funds. Expenditures in the capital projects funds are also budgeted annually.

TAX REVENUES

On or before June 22 of each year, the City sets the property tax rate. If the City intends to increase property tax revenues above that of the previous year, State law requires the City to provide public notice to property owners and to hold public hearings. When these special public hearings are necessary, the adoption of the final budget must be done before August 17. All property taxes levied by the City are assessed and collected by Salt Lake County. Taxes are levied as of January 1 and are due November 30; any delinquent taxes are subject to penalties. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bears interest from January 1 until paid; once paid, the lien is removed.

If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

Sales and use and telecom taxes are collected by the Utah State Tax Commission and remitted to the City monthly. An accrual has been made for all taxes received by the State for the period ended June 30, and thus due and payable to the City.

Franchise taxes are collected by natural gas, electric utilities, and cable television companies and remitted to the City regularly. As of June 30, accruals have been made for all fees due and payable to the City.

The ending fund balance in the RDA Special Revenue Fund is a deficit of $1.5 million. The deficit is the result of an interfund loan for property acquisitions. The loan has been properly established between the RDA special revenue fund and the REDIIF capital projects fund and will be reduced by annual payments from tax increment.

3. DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits as well as term deposits. Investments are stated at cost, which approximates fair value. Each fund's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents" and "restricted cash and cash equivalents," which includes cash accounts that are separately held by several of the City's funds.

The City's deposit and investment policy is to follow UMMA; however, the City does not have a separate deposit and investment policy that addresses specific types of deposit and investment risks to which the City is exposed.

As of June 30, 2018, the City's demand deposits and cash on hand amounted to $1,926,057. The City's cash and cash equivalents and investments are exposed to certain risks as outlined below.

CUSTODIAL CREDIT RISK – DEPOSITS AND INVESTMENTS

This is the risk that, in the event of a bank or counterparty failure, the City's deposits or investments may not be returned. As of June 30, 2018, the City held $3,885,162 with its bank. Of that amount, $3,635,162 of the City's bank balance was exposed to custodial credit risk because it was uninsured and uncollateralized. As of June 30, 2018, the City had investments in the Utah Public Treasurers Investment Fund (UPTIF) of $21,723,004.

INVESTMENTS

The Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, and to promote measures that will assist in strengthening the banking and credit structure of the State. The Utah Money Management Council also reviews the rules adopted under the authority of the UMMA that relate to the deposit and investment of public funds.

The City follows the requirements of the Utah Money Management Act (Utah Code, Title 51, Chapter 7) in handling its depository and investment transactions. UMMA requires the depositing of City funds in a qualified depository. UMMA defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

UMMA defines the types of securities authorized as appropriate investments for the City's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the City to invest in negotiable or nonnegotiable deposits of qualified and permitted negotiable depositories. The statute also allows the City to purchase:

- commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations
- bankers' acceptances
- obligations of the U.S. Treasury including bills, notes, and bonds
- obligations, other than mortgage derivative products, issued by U.S. government-sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae)
- bonds, notes, and other evidence of indebtedness of political subdivisions of the State
- fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations
- shares or certificates in a money market mutual fund as defined in the Act
- UPTIF

The State Treasurer's Office operates the Utah Public Treasurers' Investment Fund. The UPTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The UPTIF is authorized and regulated by the Money Management Act. The Act established the Utah Money Management Council which oversees the activities of the State Treasurer and the UPTIF and details the types of authorized investments. Deposits in the UPTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

3. DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (continued)

The UPTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the UPTIF, net of administration fees, are allocated based upon the participant's average daily balance. The fair value of the UPTIF investment pool is approximately equal to the value of the pool shares.

FAIR VALUE OF INVESTMENTS

The City measures and records its investments using fair value measurement guidelines established by GAAP. These guidelines recognize a three-tier fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active marks
- Level 2: Observable inputs other than quoted market prices
- Level 3: Unobservable inputs

At June 30, 2018, the majority amount of the City's investments, totaling $21,723,004 was held at the UPTIF. UPTIF applied the June 30, 2018, fair value factor, as calculated by the Utah State Treasurer, to the City's daily balance in the Fund. The UPTIF investment is considered a Level 2 investment according to the fair value hierarchy.

Riverton City has no investments that would be classified Level 1 or Level 3 according to the three–tier hierarchy.

INTEREST RATE RISK

This is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss from changes in interest rates is to follow UMMA. The Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. Investments within the UPTIF have a weighted average maturity of less than 90 days.

CREDIT RISK

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act, as previously discussed.

CONCENTRATION OF CREDIT RISK

This is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. The UPTIF is highly diversified and must comply with various rules of the UMMA and the Money Management Council.

4. RESTRICTED CASH AND CASH EQUIVALENTS

Certain cash and cash equivalents are restricted to use as follows as of June 30, 2018:

	Amount
Restricted cash - Governmental activities	
Restricted for "C" road funds	$ 1,069,840
Restricted for projects and debt service	433,450
Restricted for impact fees	1,649,475
Total governmental activities	3,152,765
Restricted cash - Business-type activities	
Restricted for debt service	1,415,261
Restricted for impact fees	5,335,678
Total business-type activities	6,750,939
Total restricted cash and cash equivalents	$ 9,903,704

5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2018, is as follows:

Due To	Due From	Amount
REDIIF	Redevelopment Agency	$ 2,213,656
Culinary water	Secondary water	2,503,275
		$ 4,716,931

The due to/due from other funds are the result of individual fund's cash flow needs. These fund items have been eliminated at the government–wide financial statement level (Statement of Net Position). Balances are not expected to be retired within one year.

5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONTINUED)

In addition to the above amounts which will be repaid by the respective funds, transfers were made which will not be repaid. The purpose of the transfers was to provide cash flows for normal operations. Such amounts for the fiscal year ended June 30, 2018, were as follows:

	In	Out
General	$ 150,000	$ 1,107,110
REDIIF	662,175	1,042,025
Nonmajor govermental funds	1,107,110	662,175
Culinary water	6,000	100,000
Secondary water	2,250	20,000
Sanitation	1,042,025	-
Storm water	-	38,250
	$ 2,969,560	$ 2,969,560

6. EQUITY INVESTMENT IN JOINT VENTURE

TRANS–JORDAN CITIES LANDFILL

The City has an 11.03% ownership in the Trans–Jordan Cities Landfill (Trans–Jordan), which is accounted for in the Sanitation Fund using the equity method. In addition to the City, Trans–Jordan is owned by the cities of Draper, Midvale, Murray, Sandy, South Jordan, and West Jordan which own 10.26%, 5.19%, 8.32%, 29.52%, 14.35% and 21.33%, respectively. Trans–Jordan is a separate legal entity and political subdivision of the State of Utah and was formed pursuant to the provisions of the Interlocal Cooperation Act.

Annually, the City recognizes its pro–rata share of Trans–Jordan's operating income or loss. For fiscal year 2018, Trans–Jordan reported an increase in net position of $1,867,092. The City recognized an equity gain from the joint venture of $172,389, which is reported in the Sanitation enterprise fund under the nonoperating revenues (expenses) heading.

Trans–Jordan was formed to construct, operate, and maintain a refuse dumping facility. Trans–Jordan is governed by its board of directors. Under the organization agreement, the board of directors is appointed by the members. The management is under the board of directors, which elects officers and appoints management staff.

The City purchased an equity investment in Trans–Jordan on July 1, 1997. The City agreed to pay a total of $26.4 million for an interest in the landfill. On July 1, 2012, the City fulfilled its obligation to make capital contributions at Trans–Jordan Cities Landfill.

The complete financial statements for Trans-Jordan for the year ended June 30, 2018, can be obtained from Trans-Jordan Cities Landfill, 10873 South 7200 West, South Jordan, Utah, 84095.

7. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018, was as follows:

	07/01/17	Increases	Decreases	Transfers	06/30/18
Governmental activities					
Capital assets, not being depreciated:					
Land and rights of way	$ 99,642,986	$ 2,009,334	$ (1,167,874)	$ -	$ 100,484,446
Construction in progress	3,066,109	38,235	-	(3,025,390)	78,954
Works of art	-	2,300	-	-	2,300
Total capital assets, not being depreciated	102,709,095	2,049,869	(1,167,874)	(3,025,390)	100,565,700
Capital assets, being depreciated:

Total accumulated depreciation	(43,968,044)	(2,624,991)	87,021	-	(46,506,014)
Total capital assets being depreciated, net	81,287,315	3,122,395	(1,269)	66,589	84,475,030
Business-type capital assets, net	$ 96,316,641	$ 3,885,912	$ (1,269)	$ -	$ 100,201,284

In the government–wide financial statements depreciation was charged as follows by program or activity:

Governmental activities:	
General government	$ 624,018
Public safety	34,638
Highways and public improvements	2,144,527
Parks and recreation	1,641,472
Total depreciation expense - governmental activities	$ 4,444,655
Business-type activities:	
Culinary water	$ 835,400
Secondary water	818,129
Storm water system	971,462
Total depreciation expense - business-type activities	$ 2,624,991

8. GRANTS

The City receives financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the City's independent auditors and other governmental auditors. Any disallowed claims resulting from such an audit could become a liability of the General Fund or other applicable funds. Based on prior experience, City administration believes such disallowance, if any, would be immaterial.

9. DEVELOPER AND CUSTOMER DEPOSITS

Developer and customer deposits are typically deposits that are held by the City for construction projects until such time that refund or forfeiture is warranted.

10. LONG–TERM LIABILITIES

CHANGES IN LONG–TERM LIABILITIES

Long–term debt activity for the year ended June 30, 2018, was as follows:

	07/01/17	Increases	Decreases	06/30/18	Due in One Year
Governmental activities					
Bonds payable:					
Franchise and sales tax revenue bonds	$ 32,790,000	$ -	$ (851,000)	$ 31,939,000	$ 923,000
Plus: unamortized premiums	1,751,283	-	(130,160)	1,621,123	130,160
Total bonds payable	34,541,283	-	(981,160)	33,560,123	1,053,160
Compensated absences	207,100	208,802	(196,292)	219,610	186,669
Governmental activities, long-term liabilities	$ 34,748,383	$ 208,802	$ (1,177,452)	$ 33,779,733	$ 1,239,829
Business-type activities					
Bonds payable:					
Water revenue bonds	$ 7,284,000	$ -	$ (1,513,000)	$ 5,771,000	1,548,000
Plus: unamortized premiums	113,894	-	(27,433)	86,461	27,433
Total bonds payable	7,397,894	-	(1,540,433)	5,857,461	1,575,433

Business-type activities, long-term liabilities	$ 7,561,511	$ 145,044	$ (1,675,008)	$ 6,031,547	$ 1,723,406

10. LONG–TERM LIABILITIES (CONTINUED)

REVENUE BONDS

GOVERNMENTAL ACTIVITIES:

Series 2010 Franchise and Sales Tax Revenue Refunding Bonds, original issue of $3,665,000, principal due in annual installments beginning December 2010, interest at 2.25% to 4.00% due in semi-annual installments beginning December 2010, with the final payment due December 2021. The bonds were issued to refund the series 2001 Franchise and Sales Tax Revenue Bonds, which were issued to finance road construction.	1,600,000
Series 2012 Franchise and Sales Tax Revenue Refunding Bonds, original issue of $2,268,000, principal due in annual installments beginning December 2013, interest at 2.39% due in semi-annual installments beginning June 2013, with the final payment due December 2024. The bonds were issued to refund the series 2004A Franchise and Sales Tax Revenue Bonds, which were issued to finance the renovation and reconstruction of City Hall.	1,899,000
Series 2013 Franchise and Sales Tax Revenue Bonds, original issue of $18,500,000, principal due in annual installments beginning December 2017, interest at 2.00% to 5.25% due in semi-annual installments beginning June 2014, with the final payment due December 2040. The bonds were issued to finance the costs of renovation and construction of the City's main regional park, other park open space improvements, and construction and equipping of a new law enforcement facility.	18,450,000
Series 2016 Franchise and Sales Tax Revenue Refunding Bonds, original issue of $10,180,000, principal due in annual installments beginning June 2018, interest at 2.00% to 5.00% due in semi-annual installments beginning June 2016, with the final payment due June 2031. The bonds were issued to refund the series 2007 Franchise and Sales Tax Revenue Bonds, which were issued to finance road construction.	9,990,000
Total Franchise and Sales Tax Revenue Bonds - Governmental Activities	$ 31,939,000

10. LONG–TERM LIABILITIES (CONTINUED)

REVENUE BONDS (continued)

BUSINESS–TYPE ACTIVITIES:

Series 2000A Taxable Water Revenue Bonds, original issue of $1,500,000, principal due in annual installments beginning March 2001, no interest is charged on the bonds, with the final payment due March 2020. The bonds were issued to finance the cost of construction and implementation of the City's secondary water system.	$ 156,000
Series 2005 Water Revenue Refunding Bonds, original issue of $3,800,000, principal due in annual installments beginning September 2005, interest at 3.00% to 5.00% due in semi-annual installments beginning September 2005, with the final payment due September 2020. The bonds were issued to refund a portion of the series 2000B Water Revenue Bonds, which were issued to finance the cost of construction and implementation of the City's secondary water system.	2,155,000
Series 2011 Water Revenue Refunding Bonds, original issue of $4,615,000, principal due in annual installments beginning September 2013, interest at 2.00% to 3.00% due in semi-annual installments beginning March 2012, with the final payment due September 2022. The bonds were issued to refund a portion of the series 2003 Water Revenue Bonds, which were issued to finance the cost of construction and implementation of the City's secondary water system.	2,450,000
Series 2013 Water Revenue Refunding Bonds, original issue of $5,501,000, principal due in annual installments beginning September 2013, interest at 0.68% to 1.75% due in semi-annual installments beginning September 2013, with the final payment due September 2018. The bonds were issued to refund a portion of the series 2004 Water Revenue Refunding Bonds, which were issued to finance the cost of construction and implementation of the City's secondary water system.	1,010,000
Total Water Revenue Bonds - Business-type Activities	$ 5,771,000

All of the City's Water Revenue and Franchise and Sales Tax Revenue Bonds are payable solely by a pledge and assignment of their associated revenue sources. The current revenue recognized during the period for pledged Water Revenue Bonds was $9,827,551 compared to the principal and interest of $1,718,304. The current revenue recognized during the period for pledged Franchise and Sales Tax Revenue Bonds was $9,406,192 compared to the principal and interest of $2,334,751.

10. LONG–TERM LIABILITIES (CONTINUED)

REVENUE BONDS (continued)

The debt service requirements to maturity are as follows:

Year Ending June 30,	Governmental Activities Franchise and Sales Tax Revenue Bonds Principal	Interest	Totals
2019	$ 923,000	$ 1,456,948	$ 2,379,948
2020	930,000	1,430,253	2,360,253

2023	520,000	7,800	527,800
	$ 5,771,000	$ 408,525	$ 6,179,525

11. CONDUIT DEBT OBLIGATIONS

In October 2009, the City issued conduit debt for Hospital Revenue Bonds Series 2009 of $250 million. The bonds are payable solely and exclusively from the revenues arising from the pledge of a note, which the private company has given as security for the bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2018, the outstanding amount of this obligation is $207 million.

In October 2012, the City issued additional conduit debt for Hospital Revenue Bonds Series 2012A of $200 million to refund Hospital Revenue Bonds series 2007. The bonds are payable solely and exclusively from the revenues arising from the pledge of a note, which the private company has given as security for the bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2018, the outstanding amount of this obligation is $200 million.

12. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is a member of an insurance risk pool known as the Utah Local Governments Trust (the Trust), which covers all of these risks except natural disasters. The City is covered under a general liability insurance policy, with a $5,000 deductible and a policy limit of $5 million for each claim. Claims against the City did not exceed insurance coverage in any of the past three years.

13. RETIREMENT PLANS

GENERAL INFORMATION ABOUT THE PENSION PLAN

Plan description: Eligible plan participants are provided with pensions through Utah Retirement Systems (URS or Systems). Utah Retirement Systems are comprised of the following pension trust funds:

DEFINED BENEFIT PLANS

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of Utah Retirement Systems, are members of the Tier 2 System.

Utah Retirement Systems are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pensions (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems 560 E 200 S, Salt Lake City, Utah 84102 or visiting the website: www.urs.org.

BENEFITS PROVIDED

URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

System	Final Average Salary	Years of service required and/or age eligible for benefit	Benefit percent per year of service	COLA**
Noncontributory	Highest 3 years	30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65	2.0% each year all years	Up to 4%
Tier 2 Public Employees	Highest 5 years	35 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% each year all years	Up to 2.5%

**with actuarial reductions*
***All post-retirement cost-of-living adjustments (COLA) are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The COLAs are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met, may be carried forward to subsequent years.*

13. RETIREMENT PLANS (CONTINUED)

GENERAL INFORMATION ABOUT THE PENSION PLAN (continued)

CONTRIBUTIONS

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2018, are as follows:

System	Empl	Empr	Empr 401(k)
Contributory system - 111 Tier 2	n/a	15.11%	1.58%
Noncontributory - 15 Tier 1	n/a	18.47%	n/a
Tier 2 DC Only - 211	n/a	6.69%	10.00%

Tier 2 rates include a required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2018, the employer and employee contributions to the Systems were as follows:

System	Employer Contributions	Employee Contributions
Noncontributory	$ 771,617	n/a
Tier 2 Public Employees	215,436	-
Total Contributions	**$ 987,053**	**$ -**

Contributions reported are the Utah State Retirement Board approved required contributions by System. Contributions in the Tier 2 System are used to finance the unfunded liabilities in the Tier 1 System.

PENSION ASSETS, LIABILITIES, EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2018, the City had a net pension asset of $0 and a net pension liability of $2,222,485.

	Measurement Date - December 31, 2017				
System	Net Pension Asset	Net Pension Liability	Proportionate Share 12/31/2017	Proportionate Share 12/31/2016	Change (Decrease)
Noncontributory	$ -	$ 2,210,623	0.5045584%	0.5356606%	(0.0311022%)
Tier 2 Public Employees	-	11,862	0.1345390%	0.1389913%	(0.0044523%)
Total Net Pension Asset / Liability	**$ -**	**$ 2,222,485**			

The net pension asset and liability was measured as of December 31, 2017, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2017 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the Systems during the plan year. For the year ended June 30, 2018, the City recognized pension expense of $867,758. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 49,755	$ 146,395
Changes in assumptions	810,009	52,851
Net difference between projected and actual earnings on pension plan investments	479,653	1,266,970
Changes in proportion and differences between contributions and proportionate share of contributions	48,096	153,506
Contributions subsequent to the measurement date	492,982	-
Total	**$ 1,880,495**	**$ 1,619,722**

13. RETIREMENT PLANS (CONTINUED)

GENERAL INFORMATION ABOUT THE PENSION PLAN (continued)

PENSION ASSETS, LIABILITIES, EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (continued)

The City reported $492,982 as deferred outflows of resources related to pensions resulting from contributions made prior to the fiscal year end, but subsequent to the measurement date of December 31, 2017. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	Deferred Outflows (Inflows) of Resources
2018	$ 83,672
2019	138,725
2020	(189,412)
2021	(275,420)
2022	(2,558)
Thereafter	12,784

ACTUARIAL ASSUMPTIONS

The total pension liability in the December 31, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.25 - 9.75%, average, including inflation
Investment rate of return	6.95%, net of pension plan investment expense, including inflation

Mortality rates were developed from actual experience and mortality tables, based on gender, occupation and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2017, valuation were based on the results of an actuarial experience study for the five-year period ending December 31, 2016.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Expected Return Arithmetic Basis		
Asset Class	Target Asset Allocation	Real Return Arithmetic Basis	Long-term expected portfolio real rate of return
Equity securities	40%	6.15%	2.46%
Debt securities	20%	0.40%	0.08%
Real assets	15%	5.75%	0.86%
Private equity	9%	9.95%	0.89%
Absolute return	16%	2.85%	0.46%
Cash and cash equiv.	0%	0.00%	0.00%
Totals	100%		4.75%
Inflation			2.50%
Expected arithmetic nominal return			7.25%

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.45% that is net of investment expense.

DISCOUNT RATE

The discount rate used to measure the total pension liability was 6.95%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount rate was reduced from 7.20% to 6.95% from the prior measurement period.

13. RETIREMENT PLANS (CONTINUED)

GENERAL INFORMATION ABOUT THE PENSION PLAN (continued)

SENSITIVITY OF THE PROPORTIONATE SHARE OF THE NET PENSION ASSET AND LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.95%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

System	1% Decrease (5.95%)	Discount Rate (6.95%)	1% Increase (7.95%)
Noncontributory	$ 5,978,559	$ 2,210,623	$ (922,231)
Tier 2 Public Employees	139,669	11,862	(86,695)
Total	$ 6,118,228	$ 2,222,485	$ (1,008,926)

PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

DEFINED CONTRIBUTION SAVINGS PLANS

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b), and 408 of the Internal Revenue Code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

The City participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan
- Traditional IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30, were as follows:

	2018	2017	2016
401(k) Plan			
Employer Contributions	$ 40,982	$ 37,294	$ 34,304
Employee Contributions	$ 61,911	$ 51,927	$ 56,230
457(b) Plan			
Employer Contributions	$ 30,889	$ 33,326	$ 26,174
Employee Contributions	$ 55,543	$ 47,449	$ 19,108
Roth IRA Plan			
Employer Contributions	n/a	n/a	n/a
Employee Contributions	$ 11,350	$ 12,240	$ 8,754
Traditional IRA Plan			
Employer Contributions	n/a	n/a	n/a
Employee Contributions	$ 130	$ 35	$ -

In addition to participation in Utah Retirement Systems, the City also participates in a 401(a) plan provided by International City Management Association Retirement Corporation (ICMA–RC), a multiple–employer defined contribution plan. Employees are fully vested upon contribution to the 401(a) plan, into which the City contributes 3.59% (Tier 1) and 5.37% (Tier 2) of eligible employees' gross earnings. These funds are the property of each employee and as such, the City has no claims on these funds. City contributions to the plan for fiscal years ended June 30, 2018, 2017, and 2016, were $236,725, $231,776, and $225,865, respectively.

The City offers its employees a defined contribution plan with ICMA–RC (457 plan) in accordance with Internal Revenue Code Section 457(b). The 457 plan is available to eligible City employees and permits employees to defer a portion of their salaries until future years. Employees are eligible to voluntarily participate from the date of employment and are vested immediately upon participation. The payment of deferred compensation is not available to employees, or their beneficiaries, until termination, retirement, death, or an unforeseeable emergency.

14. REDEVELOPMENT AGENCY OF RIVERTON CITY

In accordance with Utah State law, the City makes the following disclosures relative to the Redevelopment Agency of Riverton City (RDA). The RDA received $245,603 of incremental tax revenues assessed and collected by other taxing entities for its Redwood Road South project area. The RDA spent $15,726 for administrative costs in the Redwood Road South project area and $14,106 for administrative costs relating to the establishment of a new CDA commercial project area in the Western Commercial District (WCD).

During the fiscal year, Riverton City contributed a 15-acre portion of a City park to the RDA. The fair market value of this transaction, $547,876, is reported as Miscellaneous revenue. After this transaction, the RDA donated this same parcel of land to the Jordan School District for the future construction of a school. Both the revenue and loss items are reported in the financial statements of the RDA.

The CDA commercial project in the WCD is currently under construction but has not yet triggered tax increment. The first stores in the CDA opened during June 2018.

15. CONTINGENT LIABILITIES

The City is a defendant in various claims and lawsuits arising from the ordinary course of business. The City has an insurance policy, which covers any adverse judgment as it applies to lawsuits up to $5 million each claim. In the opinion of the City's legal counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City and any adverse judgment claimed has been accepted by the insurance carrier. There has been no significant change in insurance coverage during the year ended June 30, 2018, nor have the amounts of settlements exceeded insurance coverage during the past three fiscal years.

16. COMMITMENTS AND AGREEMENTS

The City has an agreement with Jordan Valley Water Conservancy District to purchase all its culinary water supply.

On October 24, 2013, the City entered into a lease purchase agreement with the Salt Lake Valley Law Enforcement Service Area (SLVLESA) to construct a new police precinct facility. Final payment for the lease agreement will be in December 2037. The police precinct was constructed by the City and the asset was transferred to SLVLESA in fiscal year 2015, under a note receivable for $1,870,000.

During the current fiscal year, with the creation of the Riverton Law Enforcement Service Area approved by resolution, the note receivable of $1,870,000 mentioned above was forgiven. The corresponding asset was transferred back to the City. The City recorded this new asset at $1,870,000.

17. RIVERTON LAW ENFORCEMENT SERVICE AREA

The Riverton Law Enforcement Service Area (RLESA) is a newly created taxing district created for the purpose of collecting property taxes to pay for law enforcement services. Riverton City created RLESA in part to mitigate the 2018 property tax increase already approved by the Salt Lake Valley Law Enforcement Service Area (SLVLESA).

Riverton City agreed by resolution to stay within SLVLESA until the end of calendar year 2017; RLESA became an active entity beginning January 1, 2018. RLESA will be a component unit of the City as its governing body is comprised of the Riverton City Council and Mayor. Financial statements for RLESA will be included with the Riverton City Financial Statements presented as a component unit in next year's CAFR.

RLESA has elected to report its financials on a calendar year basis. For the period of January 1 – June 30, 2018, the entity had $17 thousand in interest earnings, $869 thousand in contributions from another government and $4.1 million in proceeds from a Tax Revenue Anticipation Note (TRAN). Expenditures for the entity include $2.6 million in law enforcement services paid to the Unified Police Department, $15 thousand in TRAN cost of issuance, and $24 thousand in transfers from Riverton City to aid in the creation of the entity. The above figures are unaudited.

	2017	-	-	-	-	0.00%
	2018	-	-	-	-	0.00%

*Contributions in Tier 2 include an amortization rate to help fund the unfunded liabilities in the Tier 1 system. The Tier 2 System was created effective July 1, 2011.

Note: This schedule usually covers the 10 most recent fiscal years; however, this is the information available from the implementation year of GASB 68 through the current year.

Notes to Required Supplementary Information

1. ACTUARIALLY DETERMINED PENSION CONTRIBUTIONS

Contribution rates include an amount for normal cost, the estimated amount necessary to finance benefits earned by the members during the current year, and an amount for amortization of the unfunded or excess funded actuarial accrued liability over a closed 20-year amortization period. The rates are determined using the entry age actuarial cost method.

Contributions made were in accordance with actuarially computed funding requirements. For proposed contribution rates, the actuary evaluates the assets of the systems based on a 5-year smoothed, expected return wherein 20 percent of a year's excess or shortfall of expected return is recognized each year for five years.

2. CHANGES IN ASSUMPTIONS

As a result of an experience study conducted as of December 31, 2016, the URS Board adopted recommended changes to several economic and demographic assumptions that are used in the actuarial valuation. The assumption changes that had the largest impact on the total pension liability (and actuarial accrued liability) include a decrease in the investment return assumption from 7.20% to 6.95%, a reduction in the price inflation assumption from 2.60% to 2.50% (which also resulted in a corresponding decrease in the cost-of-living-adjustment assumption for the funds with a 4.00% annual COLA max), and the adoption of an updated retiree mortality table that is developed using URS's actual retiree mortality experience. There were changes to several other demographic assumptions, but those changes had a minimal impact on the total pension liability (and actuarial accrued liability).

STATISTICAL SECTION

This section of Riverton City's Comprehensive Annual Financial Report (CAFR) provides detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

The five divisions of the Statistical Section are as follows:

- Financial Trends: Included schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.
- Revenue Capacity: Included schedules contain information to help the reader assess the City's most significant local revenue sources, property tax, sales tax, and enterprise fund revenues.
- Debt Capacity: Included schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the government's ability to issue additional debt in the future.
- Demographic and Economic Information: Included schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.
- Operating Information: Included schedules contain data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the audited financial statements of Riverton City for the relevant year.

Note:

The storm water enterprise fund was created on July 1, 2010
From fiscal year 2011 – 2017 the City received the 911 surcharge and remitted it to the Valley Emergency Communications Center (VECC); beginning in 2018, the 911 surcharge is remitted directly to VECC
Public Safety expenses decreased in 2012 due to the City's annexation to SLVLESA on January 1, 2012
The Street Lighting enterprise fund was dissolved and absorbed into the General Fund in 2013
Beginning with January 1, 2012, the City decreased its property tax rate to 0.000000 as part of its annexation to the SLVLESA

Note:

Rental income was not tracked separately until fiscal year 2013

From fiscal year 2011 – 2017 the City received the 911 surcharge and remitted it to the Valley Emergency Communications Center (VECC); beginning in 2018, the 911 surcharge is remitted directly to VECC

Public safety expenditures decreased in 2012 due to the City's annexation to SLVLESA on January 1, 2012

Beginning with January 1, 2012, the City decreased its property tax rate to 0.000000 as part of its annexation to the SLVLESA

Note:

Utah State Tax Commission distributes sales tax revenue based on a two-part calculation: POS and the State's sharing pool. The City is guaranteed ½ of 1% of all sales tax generated in Riverton. The other ½ of 1% of the sales tax generated in Riverton becomes part of the State's sharing pool and is distributed to local governments based on factors, including population.

South Salt Lake Valley Mosquito Abatement	-	-	-
South Valley Sewer District	-	-	-
Salt Lake Valley Law Enforcement Service Area	-	-	-
Subtotal, overlapping general obligation debt			21,124,459
Riverton City total direct debt			33,560,123
Total direct and overlapping general obligation debt			**$ 54,684,582**

Note:

Overlapping governments are those that coincide with the geographic boundaries of the City. This schedule represents the portion of outstanding debt of those overlapping governments that is sustained by the residents and businesses of Riverton City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. The estimated percentage applicable is Riverton City's taxable assessed value divided by the total taxable assessed values of overlapping government units.
